COMPLETE HAND & WRIST COURSES

AGENDA

23rd – 25th September 2015
Kirchberg, Luxembourg

DePuy Synthes

MITEK SPORTS MEDICINE

COMPANIES OF *Johnson & Johnson*

WELCOME

Dear Delegates

Welcome to the Hand and Wrist Courses in Luxembourg.

Those Courses will cover the whole continuum of care in hand and wrist pathologies. The different sessions will focus on trauma, elective surgeries and arthroscopic treatment options. It addresses the needs of experienced surgeons who face a variety of different clinical challenges around the hand and the wrist. Short presentations, interactive sessions and anatomical specimen labs will form the basis for interesting and instructive courses.

We wish you very instructive Courses.

Yours sincerely,

Carla Gellings
Professional Education Manager
DePuy Synthes EMEA
