

Acute bone and joint injuries of the hand and wrist

A CLINICAL GUIDE TO MANAGEMENT

Paul M. Weeks

Contents

- 1 History of fracture management, 1**
- 2 Roentgenographic evaluation of the hand and wrist, 3**
 - Terminology of roentgenographic positions, 4
 - Routine roentgenographic examinations, 10
 - Hand, 10
 - Wrist, 12
 - Miscellaneous, 14
- 3 Anesthesia for hand surgery, 19**
 - Local anesthesia, 20
 - Agents, 20
 - Adverse reactions, 20
 - Intravenous regional anesthesia, 22
 - Technique, 22
 - Regional block anesthesia, 23
- 4 Wound evaluation and management, 27**
 - History, 27
 - Physical examination, 27
 - Management, 28
 - Tetanus immunization, 28
 - Antibiotics, 28
 - Wound irrigation and debridement, 29
 - Skin loss, 29
 - Nerve injuries, 29
 - Tendon injuries, 29
 - Bone and joint injuries, 30
- 5 Instruments used in fracture surgery, 31**
 - Tourniquets, 31
 - Drills, 34
 - Fixation devices, 36
 - Screws, 36
 - Plates, 36
 - Armboards, 38
 - Roentgenograms, 38
- 6 General principles of fracture dislocation management, 39**
 - Classification of fractures, 39
 - Reduction, 42
 - Rotational alignment, 43
 - Fixation, 45
- 7 Carpus, 47**
 - Anatomy, 47
 - Extracapsular anatomy, 48
 - Osseous anatomy, 50
 - Ligamentous anatomy, 52
 - Pathogenesis of injury, 53
 - Dislocations, 54
 - Scaphoid dislocation, 54
 - Perilunate and lunate dislocation, 62
 - Other carpal dislocations, 75
 - Fractures, 76
 - Scaphoid, 76
 - Capitate, 84
 - Triquetrum, 86
 - Hamate "hook," 87
 - Other carpal fractures, 90
- 8 Carpometacarpal joint, 93**
 - Anatomy, 93
 - Thumb, 93
 - Fingers, 96
 - Dislocation of thumb without fracture, 99
 - Dorsal, 99
 - Volar, 103
 - Dislocation of finger without fracture, 104
 - Dorsal, 104

- Volar, 106
 - Dislocation of thumb with fracture, 108
 - Dorsal, 108
 - Volar, 114
 - Dislocation of finger with fracture, 116
 - Dorsal, 116
 - Volar, 118
 - Fracture without dislocation, 119
 - Thumb, 119
 - Fingers, 119
- 9 Metacarpophalangeal joint, 121**
 - Anatomy, 121
 - Thumb, 121
 - Fingers, 124
 - Dislocation of thumb without fracture, 128
 - Dorsal, 128
 - Lateral instability, 132
 - Dislocation of finger without fracture, 138
 - Dorsal, 138
 - Volar, 143
 - Lateral instability, 144
 - Dislocation of thumb with fracture, 148
 - Lateral instability, 148
 - Dislocation of finger with fracture, 153
 - Lateral instability, 153
 - Articular fracture dislocation, 156
- 10 Proximal interphalangeal joint, 161**
 - Anatomy, 161
 - Dislocation without fracture, 165
 - Dorsal, 165
 - Volar, 171
 - Lateral instability, 175
 - Laterovolar dislocation, 179
 - Dislocation with fracture, 182
 - Dorsal, 182
 - Volar dislocation with middle phalangeal fracture, 190
 - Articular fracture without dislocation, 195
- 11 Distal interphalangeal joint, 199**
 - Anatomy, 199
 - Dislocation without fracture, 201
 - Dorsal, 201
 - Volar, 204
 - Lateral, 206
 - Dislocation with fracture, 208
 - Dorsal, 208
 - Volar, 212
 - Lateral, 218
 - Fracture without dislocation, 219
- 12 Interphalangeal joint of thumb, 223**
 - Anatomy, 223
 - Dislocation without fracture, 225
 - Dorsal, 225
 - Lateral, 229
 - Dislocation with fracture, 230
 - Fracture without dislocation, 231
- 13 Fracture of metacarpals without joint involvement, 233**
 - Anatomy, 233
 - Thumb, 233
 - Fingers, 234
 - Fracture, 236
 - Thumb, 236
 - Single finger, 240
 - More than one finger, 249
- 14 Fracture of proximal phalanx without joint involvement, 255**
 - Finger, 255
 - Thumb, 263
- 15 Fracture of middle phalanx without joint involvement, 265**
- 16 Fracture of distal phalanx without joint involvement, 269**
- 17 Multiple fractures, 271**
- 18 Epiphyseal injuries, 275**
 - Anatomy, 275
 - Classification, 277
- References, 283**
