## I Body Contouring Surgery

1	Breast	3
1.1	General Introduction	3
1.2	Reduction Mammoplasty	3
1.2.1	Introduction	3
1.2.2	Indications for Surgery	3
1.2.3	History	4
1.2.4	Considerations of Surgical Technique	5
1.2.5	Pre-operative Assessment, Planning and Preparation	6
1.2.6	Surgical Technique	7
1.2.6.1	Main Procedure – Pitanguy Technique	7
1.2.6.2	Alternative Procedure – Rhomboid or Arie-Pitanguy Technique	18
1.2.7	Postoperative Management	20
1.2.8	Complications and Results	20
1.2.9	Case Reports	22
1.2.10	Bibliography	36
1.3	Augmentation Mammoplasty	37
1.3.1	Introduction	37
1.3.2	Indications for Surgery	37
1.3.3	History	37
1.3.4	Considerations of Surgical Technique	38
1.3.5	Pre-operative Assessment, Planning and Preparation	39
1.3.6	Surgical Technique	39
1.3.7	Postoperative Management	42
1.3.8	Complications	44
1.3.9	Case Reports	45
1.3.10	Bibliography	48
1.4	Subcutaneous Mastectomy	50
1.4.1	Introduction	50
1.4.2	Indications for Surgery	50
1.4.3	History	51
1.4.4	Considerations of Surgical Technique	51
1.4.5	Pre-operative Assessment, Planning and Preparation	52
1.4.6	Surgical Technique	52
1.4.6.1	Standard Technique	52
1.4.6.2	Alternative Techniques	56
1.4.7	Postoperative Management	58
1.4.8	Complications	58
1.4.9	Case Reports	59
1.4.10	Bibliography	63

1.5	Correction of Inverted Nipple	63
1.5.1	Introduction	63
1.5.2	Indications for Surgery	64
1.5.3	Considerations of Surgical Technique	64
1.5.4	Pre-operative Assessment, Planning and Preparation	65
1.5.5	Surgical Technique	65
1.5.6	Postoperative Management	68
1.5.7	Case Reports	68
1.5.8	Bibliography	69
1.6	Correction of Nipple Hypertrophy	70
1.6.1	Introduction	70
1.6.2	Surgical Technique	70
1.6.3	Case Reports	71
1.7	Surgical Treatment of Supernumerary Breasts	73
1.7.1	Introduction	73
1.7.2	Indications for Surgery	73
1.7.3	Surgical Technique	74
1.7.4	Case Reports	74
1.7.5	Bibliography	75
1.8	Reconstruction of the Areola and Nipple	75
1.8.1	Introduction	75
1.8.2	Considerations of Surgical Technique	75
1.8.3	Surgical Techniques	76
1.8.4	Case Reports	78
1.8.5	Bibliography	80
1.9	Postmastectomy Reconstruction	81
1.9.1	Introduction	81
1.9.2	Indications for Surgery	81
1.9.3	History	82
1.9.4	Considerations of Surgical Technique	82
1.9.5	Surgical Technique	83
1.9.5.1	Patients with Adequate Thoracic Cover	83
1.9.5.2	Patients with Inadequate Thoracic Cover	84
1.9.5.3	Secondary Procedures	86
1.9.6	Conclusions	86
1.9.7	Case Reports	87
1.9.8	Bibliography	91
1.10	Breast Pathology	92
1.10.1	Introduction	92
1.10.2	Case Material and Methods	92
1.10.3	Macroscopic and Histological Findings	92
1.10.4	Conclusions	97
1.10.5	Bibliography	98
2	Abdomen	99
2.1	Abdominoplasty	99
2.1.1	Introduction	99
2.1.2	Indications for Surgery	99

2.1.2.1	Alterations in Skin	99
2.1.2.2	Alterations in Adipose Tissue	100
2.1.2.3	Alterations in Muscle, Aponeurosis and Fascia	101
2.1.3	History	102
2.1.4	Considerations of Surgical Technique	102
2.1.5	Pre-operative Assessment, Planning and Preparation	103
2.1.6	Surgical Technique	104
2.1.6.1	Anaesthesia	104
2.1.6.2	Positioning of the Patient	104
2.1.6.3	Surgical Procedure	104
2.1.6.4	Dressings	114
2.1.7	Postoperative Management	114
2.1.8	Complications and Results	114
2.1.8.1	Early Complications	114
2.1.8.2	Late Complications	115
2.1.8.3	Results	116
2.1.9	Case Reports	117
2.1.10	Bibliography	127

### 3 Upper and Lower Extremities 129

3.1	General Introduction	129
3.2	Gluteal Region and Lower Extremity	129
3.2.1	Introduction	129
3.2.2	Indications for Surgery	130
3.2.3	History	130
3.2.4	Considerations of Surgical Technique	131
3.2.5	Pre-operative Assessment, Planning and Preparation	131
3.2.6	Surgical Technique	131
3.2.6.1	Trochanteric Lipodystrophy	131
3.2.6.2	Interfemoral Flaccidity and Adiposity	137
3.2.6.3	Drooping Buttocks	139
3.2.7	Postoperative Management	140
3.2.8	Complications and Results	140
3.2.9	Case Reports	141
3.2.10	Bibliography	153
3.3	Upper Extremity: Dermolipectomy	153
3.3.1	Introduction	153
3.3.2	Indications for Surgery	154
3.3.3	History	154
3.3.4	Considerations of Surgical Technique	154
3.3.5	Pre-operative Assessment, Planning and Preparation	154
3.3.6	Surgical Technique	154
3.3.7	Postoperative Management	157
3.3.8	Complications and Results	157
3.3.9	Case Reports	158
3.3.10	Bibliography	159

## II Aesthetic Plastic Surgery of the Head and Neck

### General Introduction 163

#### 4 Face 165

##### 4.1 Face Lifting 165

###### 4.1.1 Introduction 165

###### 4.1.2 Indications for Surgery 165

###### 4.1.3 History 166

###### 4.1.4 Considerations of Surgical Technique 166

###### 4.1.5 Anatomical Considerations 168

###### 4.1.5.1 Facial Nerve 168

###### 4.1.5.2 Great Auricular Nerve 169

###### 4.1.5.3 Superficial Musculo-aponeurotic System 170

###### 4.1.6 Pre-operative Assessment, Planning and Preparation 171

###### 4.1.7 Surgical Technique 171

###### 4.1.7.1 Anaesthesia 171

###### 4.1.7.2 Preparation 172

###### 4.1.7.3 Standard Rhytidectomy 174

###### 4.1.7.4 Regional Rhytidectomy 181

###### 4.1.7.5 Extended Cervicofacial Rhytidectomy 181

###### 4.1.7.6 Musculo-aponeurotic Dissection and Lifting 183

###### 4.1.7.7 Dressings 189

###### 4.1.8 Postoperative Management 190

###### 4.1.9 Complications and Results 190

###### 4.1.10 Case Reports 191

###### 4.1.11 Bibliography 200

##### 4.2 Forehead Lifting 202

###### 4.2.1 Introduction 202

###### 4.2.2 Indications for Surgery 202

###### 4.2.3 History 202

###### 4.2.4 Considerations of Surgical Technique 203

###### 4.2.5 Pre-operative Assessment, Planning and Preparation 203

###### 4.2.6 Surgical Technique 204

###### 4.2.7 Postoperative Management 208

###### 4.2.8 Complications and Results 209

###### 4.2.9 Case Reports 210

###### 4.2.10 Bibliography 214

##### 4.3 Blepharoplasty 214

###### 4.3.1 Introduction 214

###### 4.3.2 Indications for Surgery 214

###### 4.3.3 History 215

###### 4.3.4 Considerations of Surgical Technique 215

###### 4.3.5 Pre-operative Assessment, Planning and Preparation 216

###### 4.3.6 Surgical Technique 217

###### 4.3.6.1 Upper Eyelid 217

###### 4.3.6.2 Lower Eyelid 220

###### 4.3.7 Postoperative Care 223

###### 4.3.8 Complications 223

###### 4.3.9 Case Reports 224

###### 4.3.10 Bibliography 230

4.4	Ageing Lip	231
4.4.1	Introduction	231
4.4.2	Indications for Surgery	231
4.4.3	History	231
4.4.4	Considerations of Surgical Technique	231
4.4.5	Surgical Technique	232
4.4.5.1	Dermabrasion	232
4.4.5.2	Cupid's Bow Operation	233
4.4.6	Postoperative Management	235
4.4.7	Complications	235
4.4.8	Case Reports	235
4.4.9	Bibliography	238
4.5	Treatment of Chin and Submental Deformities	239
4.5.1	Introduction	239
4.5.2	Indications for Surgery	239
4.5.3	History	240
4.5.4	Considerations of Surgical Technique	240
4.5.5	Surgical Technique	240
4.5.6	Postoperative Management	248
4.5.7	Complications and Results	248
4.5.8	Case Reports	249
4.5.9	Bibliography	255
5	Rhinoplasty	257
5.1	Introduction	257
5.1.1	Indications for Surgery	257
5.1.1.1	Functional Considerations	257
5.1.1.2	Cosmetic Considerations	258
5.1.2	History	258
5.1.3	Considerations of Surgical Technique	259
5.1.4	Pre-operative Assessment, Planning and Preparation	260
5.1.5	Anaesthesia	260
5.2	Primary Rhinoplasty	262
5.2.1	Surgical Technique	262
5.2.1.1	Exposing the Nasal Framework	262
5.2.1.2	The Dorsum	263
5.2.1.3	Nasal Osteotomies	266
5.2.1.4	The Nasal Tip	268
5.2.2	Postoperative Management	278
5.2.3	Complications and Results	278
5.2.4	Case Reports	279
5.3	Secondary Rhinoplasty	290
5.3.1	Introduction	290
5.3.2	Pre-operative Assessment, Planning and Preparation	290
5.3.3	Surgical Technique	290
5.3.3.1	The Dorsum	290
5.3.3.2	The Nasal Tip	291
5.3.3.3	The Nostrils	291
5.3.3.4	Columella	292
5.3.4	Case Reports	293
5.3.5	Bibliography	300

6	Congenital and Acquired Deformities of the Ear	303
6.1	General Introduction	303
6.2	Prominent Ears	306
6.2.1	Introduction	306
6.2.2	Indications for Surgery	306
6.2.3	Considerations of Surgical Technique	306
6.2.4	Pre-operative Assessment, Planning and Preparation	307
6.2.5	Surgical Technique	307
6.2.6	Postoperative Management	311
6.2.7	Complications	311
6.2.8	Case Reports	312
6.3	Lop and Cup Ear Deformities	315
6.3.1	Introduction	315
6.3.2	Indications for Surgery	315
6.3.3	Surgical Technique	315
6.3.4	Postoperative Management	316
6.3.5	Case Reports	317
6.4	Macrotia	319
6.4.1	Introduction	319
6.4.2	Indications for Surgery	319
6.4.3	Surgical Technique	319
6.4.4	Postoperative Management	320
6.5	Deformities of the Ear Lobe	321
6.5.1	Introduction	321
6.5.2	Surgical Technique	321
6.5.3	Case Report	322
6.6	Ear Reconstruction	323
6.6.1	Introduction	323
6.6.2	Indications for Surgery	323
6.6.3	Pre-operative Assessment, Planning and Preparation	324
6.6.4	Surgical Technique	324
6.6.4.1	Total Reconstruction of the Auricle	324
6.6.4.2	Reconstruction of the Upper Third of the Auricle	330
6.6.4.3	Reconstruction of the Middle Third of the Auricle	332
6.6.5	Postoperative Management	333
6.6.6	Complications	333
6.6.6.1	Early Complications	333
6.6.6.2	Late Complications	334
6.6.7	Case Reports	334
6.7	Reconstruction of the Helix	342
6.7.1	Introduction	342
6.7.2	Surgical Technique	342
6.7.2.1	Reconstruction Using a Pre-auricular Tube	342
6.7.2.2	Reconstruction Using a Cervical Tube	342
6.7.3	Postoperative Management	344
6.7.4	Case Reports	345
6.8	Reconstruction of the Ear Lobe	346
6.8.1	Introduction	346

6.8.2	Surgical Technique	346
6.8.2.1	Reconstruction of the Ear Lobe Using a Pre-auricular Flap	
6.8.2.2	Reconstruction of the Ear Lobe Using a Mastoid Flap	346
6.8.3	Postoperative Management	348
6.8.4	Case Reports	348
6.9	General Bibliography	350

### III Common Aesthetic Problems

7	Combined Aesthetic Procedures	353
7.1	Introduction	353
7.2	Operative Plan	355
7.2.1	Face Lifting plus Forehead Lifting plus Blepharoplasty	355
7.2.2	Face Lifting plus Rhinoplasty	355
7.2.3	Face Lifting plus Mammoplasty	357
7.2.4	Mammoplasty plus Abdominoplasty	357
7.3	Case Reports	359
8	Haemangioma	365
8.1	Introduction	365
8.2	Classification of Haemangiomas	365
8.2.1	Histopathological Classification	365
8.2.2	Morphological Classification	367
8.2.3	Haemodynamic Classification	367
8.2.4	Clinical Classification	368
8.3	Treatment	369
8.3.1	Involutive Haemangiomas	369
8.3.2	Non-involutive Haemangiomas	369
8.4	Case Reports	371
8.5	Bibliography	380
9	Giant Hairy Pigmented Naevi	381
9.1	Introduction	381
9.1.1	Naevus Cell	381
9.1.2	Malignant Potential	381
9.2	Treatment	382
9.2.1	Giant Naevi of the Face	383
9.2.2	Giant Naevi of the Neck	383
9.2.3	Giant Naevi of the Body	383
9.2.4	Giant Naevi of the Limbs	383
9.3	Case Reports	383
9.4	Bibliography	391

10 Management of Soft Tissue Injuries and the Treatment of Scars

10.1 Primary Care of the Lacerated Wound 393

10.1.1 Anaesthesia 393

10.1.2 Antisepsis 393

10.1.3 Wound Examination and Debridement 393

10.1.4 Wound Closure 394

10.1.5 Wound Dressings 394

10.2 Treatment of Scars 395

10.3 Hypertrophic Scars and Keloids 396

10.3.1 Ionizing Radiation 397

10.3.2 Steroids 397

10.3.3 Redistribution of Wound Tension 397

10.3.4 Partial Excision 397

10.3.5 Pressure 397

10.3.6 Conclusion 397

10.4 Case Reports 398

10.5 Bibliography 404

List of Previously Published Illustrations 405
