

Clinical Neurology and Neurosurgery

Brachial Plexus Injury Postgraduate Boerhaave Course

Hermann Boerhaave (1668–1738)

Faculty of Medicine
University of Leiden

ELSEVIER

Volume 95 (1993)
Supplement

Netherlands-Flemish Edition

ISSN 0303-8467
CNNSBV 95 (Suppl.) S1—S118 (1993)

Contents

| | | | |
|---|------|---|-----|
| <i>Foreword</i> | viii | Lesions found when operating traction injuries of the brachial plexus A.O. Narakas (Switzerland) | 56 |
| <i>Editorial</i> | ix | Surgical repair of brachial plexus injury R.T.W.M. Thomeer and M.J.A. Malesy (The Netherlands) | 65 |
| Introduction: Brachial plexus injuries S. Sunderland (Australia) | 1 | Obstetric brachial plexus lesions and their neurosurgical treatment A.C.J. Slooff (The Netherlands) | 73 |
| A rostrocaudal somatotopic organization in the brachial dorsal root ganglia of neonatal rats W.J.T. Wessels and E. Marani (The Netherlands) | 3 | Perineurial cells are the first to traverse gaps of peripheral nerves in silicone tubes J.M. Schröder, R. May and J. Weis (Germany) | 78 |
| The topographical anatomy of the brachial plexus P.M. Rozing (The Netherlands) | 12 | Nerve growth factor and regeneration of peripheral nervous system G. Raivich and G.W. Kreutzberg (Germany) | 84 |
| The dorsoscapular nerve in traumatic brachial plexus lesions M.J.A. Malesy, R.T.W.M. Thomeer and E. Marani (The Netherlands) | 17 | Muscle transpositions in the shoulder and upper arm for sequelae of brachial plexus palsy A.O. Narakas (Switzerland) | 89 |
| Mechanisms of brachial plexus lesions L.N.J.E.M. Coene (The Netherlands) | 24 | Musculo-tendinous transfers of the hand and forearm S.E.R. Hovius (The Netherlands) | 92 |
| Brachial plexus injury in multitraumatized patients C. van der Werken and L.S. de Vries (The Netherlands) | 30 | Respiration-related activity in the biceps brachii muscle after intercostal-musculocutaneous nerve transfer M.J.A. Malesy, J.G. van Dijk and R.T.W.M. Thomeer (The Netherlands) | 95 |
| The tensile testing machine applied in the study of human nerve rupture: a preliminary study E. Marani, J.L. van Leeuwen and C.W. Spoor (The Netherlands) | 33 | Peripheral nerve lesions: the neuropharmacological outlook H. Kerkhoff and F.G.I. Jennekens (The Netherlands) | 103 |
| Neuroradiological investigations in cervical root avulsion G.J. Vielvoye and C.F.E. Hoffmann (The Netherlands) | 36 | Functional recovery after ventral root avulsion and implantation in the spinal cord T. Carlstedt (Sweden) | 109 |
| Ultrastructural study on avulsion effects of the cat cervical moto-axonal pathways in the spinal cord C.F.E. Hoffmann, H. Choufoer, E. Marani and R.T.W.M. Thomeer (The Netherlands) | 39 | Reimplantation of ventral rootlets into the cervical spinal cord after their avulsion: an anterior surgical approach C.F.E. Hoffmann, R.T.W.M. Thomeer and E. Marani (The Netherlands) | 112 |
| Brachial plexus injury: deafferentation pain and dorsal root entry zone (DREZ) coagulation D.G.T. Thomas (UK) | 48 | | |
| Computer assisted diagnosis and treatment planning of brachial plexus injuries C. van Daalen, H.G. Stassen, R.T.W.M. Thomeer and A.C.J. Slooff (The Netherlands) | 50 | | |
