

Tensor fascia lata

Type I

Gracilis

Type II

Gluteus maximus

Type III

Sartorius

Type IV

Latissimus dorsi

Type V

CLINICAL APPLICATIONS FOR MUSCLE AND MUSCULOCUTANEOUS FLAPS

STEPHEN J. MATHES • FOAD NAHAI

CONTENTS

PART I PRINCIPLES

- 1 Selection of the muscle and musculocutaneous flap in reconstructive surgery, 3
Stephen J. Mathes ■ Foad Nahai
- 2 Vascular anatomy of muscle: classification and application, 16
Stephen J. Mathes ■ Foad Nahai
- 3 Musculocutaneous perforators, 95
Foad Nahai ■ Stephen J. Mathes
- 4 Experimental considerations, 138
Foad Nahai ■ Stephen J. Mathes
- 5 An analysis of causes of flap failure, 150
Stephen J. Mathes ■ Foad Nahai

PART II APPLICATIONS

HEAD AND NECK

- 6 A systematic approach to flap selection, 157
Stephen J. Mathes ■ Foad Nahai
- 7 Reconstruction, 194
Maurice J. Jurkiewicz ■ T. Roderick Hester
- 8 Complications, 218
Bernard S. Alpert ■ Stephen J. Mathes ■ Luis O. Vasconez

ANTERIOR THORAX

- 9 A systemic approach to flap selection, 222
Stephen J. Mathes ■ Foad Nahai
- 10 Reconstruction of the chest wall, 236
Phillip G. Arnold

- 11 Reconstruction of the sternum, 269
Jack Fisher ■ David K. Bone ■ Foad Nahai
- 12 Complications, 282
Foad Nahai ■ Stephen J. Mathes

BREAST

- 13 A systematic approach to flap selection, 285
Stephen J. Mathes ■ Foad Nahai
- 14 Reconstruction, 310
John Bostwick III
- 15 Complications, 337
Stephen J. Mathes ■ Foad Nahai

POSTERIOR TRUNK

- 16 A systematic approach to flap selection, 341
Stephen J. Mathes ■ Foad Nahai
- 17 Reconstruction, 349
Foad Nahai ■ Michael Scheflan ■ John Bostwick III
- 18 Complications, 362
Foad Nahai ■ Stephen J. Mathes

ABDOMEN

- 19 A systematic approach to flap selection, 364
Stephen J. Mathes ■ Foad Nahai
- 20 Reconstruction, 375
Foad Nahai ■ Michael Scheflan ■ Stephen J. Mathes
- 21 Complications, 386
Foad Nahai ■ Stephen J. Mathes

GROIN AND PERINEUM

- 22 A systematic approach to flap selection, 388
Stephen J. Mathes ■ Foad Nahai
- 23 Reconstruction, 402
H. Louis Hill, Jr. ■ T. Roderick Hester ■ Foad Nahai
- 24 Complications, 423
Stephen J. Mathes ■ Foad Nahai

PRESSURE SORES

- 25 A systematic approach to flap selection, 426
Stephen J. Mathes ■ Foad Nahai
- 26 Reconstruction, 454
T. Roderick Hester ■ William J. Schneider ■ H. Louis Hill, Jr.
- 27 Inferior gluteal thigh flap, 490
Robert L. Walton
- 28 Complications, 506
Bernard S. Alpert ■ Luis O. Vasconez ■ Stephen J. Mathes

LOWER EXTREMITY

- 29 A systematic approach to flap selection, 510
Stephen J. Mathes ■ Foad Nahai
- 30 Reconstruction, 532
Stephen J. Mathes ■ Luis O. Vasconez
- 31 Complications, 581
Bernard S. Alpert ■ Foad Nahai ■ Luis O. Vasconez

FOOT

- 32 A systematic approach to flap selection, 585
Stephen J. Mathes ■ Foad Nahai
- 33 Reconstruction, 594
Michael Scheffan ■ Foad Nahai
- 34 Complications, 610
Foad Nahai ■ Stephen J. Mathes

UPPER EXTREMITY

- 35 A systematic approach to flap selection, 611
Foad Nahai ■ Stephen J. Mathes
- 36 Reconstruction, 620
Foad Nahai ■ Stephen J. Mathes
- 37 Complications, 634
Foad Nahai ■ Stephen J. Mathes

PART III TRANSPLANTATION

- 38 Transplantation of muscle and musculocutaneous flaps, 638
Stephen J. Mathes ■ Foad Nahai
- 39 Complications, 695
Foad Nahai ■ Stephen J. Mathes

PART IV EVALUATION

- 40 Assessment of flap viability with fluorescein, 703
Bernard S. Alpert
- 41 Long-term evaluation of muscle and musculocutaneous flaps, 706
John J. Coleman III ■ Foad Nahai ■ Stephen J. Mathes
