

CLINICS IN PLASTIC SURGERY

JANUARY 1984

PERIPHERAL NERVE MICROSURGERY

Contents

Foreword	1
<i>Julia K. Terzis</i>	
Nomenclature in Peripheral Nerve Surgery	3
<i>Hanno Millesi and Julia K. Terzis</i>	
Mechanical Injury of Peripheral Nerves: Fine Structure and Dysfunction....	9
<i>John E. Castaldo and José L. Ochoa</i>	
Effects of Repeated Experimental Localized Freezings in the Distal Stump of Peripheral Nerve.....	17
<i>Jean-Claude Mira</i>	
Nerve Injection Injuries	27
<i>Alan R. Hudson</i>	
Effects of Repeated Denervation on Muscle Reinnervation.....	31
<i>Jean Claude Mira</i>	
Experimental Electrophysiologic Recordings: Interpretation of the Compound Action Potential	39
<i>Nelson Publicover and Julia K. Terzis</i>	
Clinical Electrophysiologic Peripheral Nerve Recordings	47
<i>Julia K. Terzis and Nelson Publicover</i>	
Electrical Assessment of Muscle Denervation.....	53
<i>Jean Raimbault</i>	
Functioning Muscle Transplantation to the Upper Limb	59
<i>Ralph T. Manktelow</i>	
The Anatomy of Free Vascularized Nerve Grafts.....	65
<i>Warren Breidenbach and Julia K. Terzis</i>	

Vascularized Sural Nerve Graft.....	73
<i>Alain Gilbert</i>	
The Painful Stump Neuroma and Its Treatment.....	79
<i>H. Bruce Williams</i>	
Present Thoughts on the Management of Pain in the Upper Extremity.....	85
<i>George E. Omer, Jr.</i>	
Functional Sensation and Its Reeducation.....	95
<i>A. Lee Dellon</i>	
Epineurial Versus Perineurial Repair of Peripheral Nerves	101
<i>Michael G. Orgel</i>	
Nerve Grafting.....	105
<i>Hanno Millesi</i>	
Brachial Plexus Injuries: Management and Results	115
<i>Hanno Millesi</i>	
The Management of Supraclavicular Lesions	121
<i>L. Sedel</i>	
Infraclavicular Lesions.....	127
<i>J. Y. Alnot</i>	
Paralysis in Root Avulsion of the Brachial Plexus: Neurotization by the Spinal Accessory Nerve.....	133
<i>Y. Allieu, J. M. Privat, and F. Bonnel</i>	
Experience with Vascularized Nerve Grafts.....	137
<i>George Bonney, Rolfe Birch, Angus M. Jamieson, and Rosemary A. Eames</i>	
Intercostal Neurotization of the Peripheral Nerves in Avulsion Plexus Injuries	143
<i>Vinko V. Dolenc</i>	
Neurotization of Avulsed Roots of Brachial Plexus by Means of Anterior Nerves of Cervical Plexus	149
<i>Giorgio Brunelli and Luisa Monini</i>	

Thoughts on Neurotization or Nerve Transfers in Irreparable Nerve Lesions	153
<i>Algimantas O. Narakas</i>	
Irradiation Plexitis of the Brachial Plexus	161
<i>L. Clodius, G. Uhlschmid, and K. Hess</i>	
Diagnostic Value of Peripheral and Spinal Somatosensory Evoked Potentials in Traction Lesions of the Brachial Plexus	167
<i>S. J. Jones</i>	
Rehabilitation of Patients Following Traction Lesions of the Brachial Plexus	173
<i>C. B. Wynn Parry</i>	
Review of Obstetrical Palsies: Nonoperative Treatment	181
<i>Kenneth L. B. Brown</i>	
Pages 189 to 196 have been deleted.	
Surgical Anatomy of Donor Sites for Free Muscle Transplantation to the Paralyzed Face	197
<i>Sean G. L. Hamilton and Julia K. Terzis</i>	
Management of Acute Extratemporal Facial Nerve Palsy	203
<i>K. K. Lee and Julia K. Terzis</i>	
Cross-Facial Nerve Grafting	211
<i>Marcus Castro Ferreira</i>	
Free Muscle Transplantation for Facial Paralysis	215
<i>Ralph T. Manktelow</i>	
Facial Nerve Grafting in Acoustic Neurinoma	221
<i>Madjid Samii</i>	
Index	227
