# DUPUYTREN'S DISEASE

Edited by

R. M. McFarlane

D. A. McGrouther

M. H. Flint

Foreword by G. Stack

CHURCHILL LIVINGSTONE

# Contents

---

---

1. The early history of contracture of the palmar fascia 1  
*D. Elliot*

## SECTION 1 Biology 11

2. Connective tissue biology 13  
*M. H. Flint*
3. Histopathology 25  
*D. T. Shum*
4. Cellular biology 31  
*W. Schürch, O. Skalli and G. Gabbiani*
5. Proteoglycans and glycosaminoglycans 48  
*A. F. Delbrück and E. Gurr*
6. Collagen 58  
*A. J. Bailey*
7. Collagen organization 72  
*M. J. Glimcher and H. M. Peabody*
8. Cellular structure and interconnections 86  
*R. J. Schultz and J. J. Tomasek*
9. Immunology and genetics 99  
*K. I. Welsh and J. D. Spencer*
10. Contraction and contracture 104  
*M. H. Flint and C. A. Poole*

## SECTION 2 Normal and pathological anatomy 117

11. The development of the palmar fascia 119  
*K. A. Caughell and R. M. McFarlane*

12. The palm 127  
*D. A. McGrouther*
13. The genesis of the palmar lesion 136  
*M. H. Flint*

14. The finger 155  
*R. M. McFarlane*
15. The extensor mechanism and knuckle changes 172  
*D. A. McGrouther*
16. The radial side of the hand 168  
*E. J. Hall-Findlay*
17. The ulnar side of the hand 176  
*N. J. Barton*

## SECTION 3 Epidemiology 185

18. The clinical diagnosis 187  
*D. A. McGrouther*
19. Epidemiology of a Norwegian population 191  
*O. A. Mikkelsen*
20. Epidemiology of surgical patients 201  
*R. M. McFarlane, J. S. Botz and H. Cheung*
21. Epidemiology of the oriental patient 239  
*T. Egawa, H. Senrui, A. Horiki and M. Egawa*
22. Dupuytren's diathesis 246  
*J. T. Hueston*
23. Associated diseases 253  
*L. C. Hurst and M. Badalamente*

24. Manual work and industrial injury: a personal commentary 261  
*S. W. Meagher*

25. A single injury to the hand 265  
*R. M. McFarlane and D. T. Shum*

**SECTION 4 Aetiology and pathogenesis 275**

26. An insight into the Italian literature on etiology and treatment 277  
*V. Salvi*

27. Is Dupuytren's disease an inherited disorder? 280  
*D. A. McGrouther*

28. Is Dupuytren's disease a connective tissue response? 282  
*M. H. Flint and D. A. McGrouther*

29. Is Dupuytren's disease a neoplasm? 288  
*R. M. McFarlane*

**SECTION 5 Treatment 291**

30. Assessment of the patient for operation 293  
*R. M. McFarlane*

31. An overview of operative treatment 295  
*D. A. McGrouther*

32. Various views and techniques 311  
*P. Bedeschi W. E. Burkhalter  
V. Salvi R. I. Gonzalez J. T. Hueston  
F. Iselin J. Colville B. Nagay  
J. Varian L. Zachariae  
E. A. Rosenthal J. P. Moermans  
D. A. McGrouther R. M. McFarlane*

33. Postoperative management 368  
*E. J. Mackin and P. M. Byron*

34. Complications and their management 377  
*R. M. McFarlane and D. A. McGrouther*

35. Recurrence and extension 383  
*D. A. McGrouther*

36. The results of treatment 387  
*R. M. McFarlane and J. S. Botz*
