

Flexor Tendon Injuries

Lawrence H. Schneider, M.D.

Clinical Professor of Orthopaedic Surgery,
Jefferson Medical College of Thomas Jefferson
University, Philadelphia, Pennsylvania;
Attending Surgeon, Thomas Jefferson University
Hospital, Philadelphia;
Hand Surgeon, Hand Rehabilitation Center, Ltd.,
Philadelphia

Little, Brown and Company
Boston/Toronto

Contents

Foreword vii

Preface ix

Acknowledgments xi

1. The History of Flexor Tendon Suture 1
2. Anatomy and Function of the Flexor Tendon System 5
 - Gross Anatomy 5
 - The Physiology of Flexor Tendon Action 12
 - The Structure of Tendon 12
 - Vascular Anatomy of Flexor Tendons 13
 - The Vincular System 15
3. Flexor Tendon Healing 21
 - Early History of Tendon Repair 21
 - Modern Investigations in Tendon Repair 22
 - The Status of Tendon Healing Theory Today 28
4. Surgical Techniques 33
 - Incisions Used in Flexor Tendon Surgery 33
 - Techniques of Tendon Suture 35
 - Distal Tendon Graft Attachment Technique 41
 - Technique of Tendon Insertion to Distal Phalanx 41
 - Suture Materials and Technique in Tendon Surgery 43
5. Acute Flexor Tendon Injuries 47
 - Diagnosis of Flexor Tendon Injury 50
 - Examination in Flexor Tendon Injury 50
 - Level of Injury in Flexor Tendons 51
 - Flexor Tendon Zones in the Fingers 51
 - Treatment of Acute Flexor Tendon Injuries 53
 - Treatment of Flexor Pollicis Longus Lacerations 67
 - Partial Flexor Tendon Laceration 67
 - Closed Rupture of Flexor Tendons 69
 - Closed Rupture of the Flexor Digitorum Profundus 69
 - Traumatic Ruptures at Other Levels 72
 - Closed Rupture of the Flexor Tendons in Rheumatoid Arthritis 72
 - Rupture in Other Entities 72

6. Secondary Procedures in Flexor Tendon Surgery 77

Secondary Repair in Flexor Tendon Injury 77

Flexor Tendon Grafting in Zone 2 79

Timing 81

Technique 81

Flexor Pollicis Longus Reconstruction 82

Tendon Grafting in the Presence of an Intact Superficialis 88

Obtaining Free Tendon Grafts 91

The Use of Homografts in Tendon Surgery 97

The Fate of the Tendon Graft 98

Tendon Graft Length: Adjusting Tension in the Flexor System 99

Secondary Reconstruction of Tendon Injury in Zones 3, 4, and 5 100

Reconstruction in Zones 3, 4, and 5 100

7. Tenolysis 111

Tenolysis as a Secondary Procedure 111

Anesthesia Technique for Tenolysis 121

Adjunctive Treatment in Tenolysis 121

8. Salvage Procedures in Flexor Tendon Injury 125

Staged Flexor Tendon Reconstruction 125

The Active Tendon Implant 135

Reconstruction of the Flexor Tendon Pulley System 141

Complications after Staged Tendon Reconstruction 143

The Flexor Digitorum Superficialis Finger 145

Postoperative Management 147

9. Postoperative Management in Flexor Tendon Repair 151

Early Mobilization after Tendon Repair 151

Postoperative Management: The Controlled Mobilization Program 154

Alternative Postoperative Program in Flexor Tendon Repair 158

10. Evaluation of Results in Flexor Tendon Repair 161

Presentation of Results of Flexor Tendon Surgery 166

11. Flexor Tendon Surgery in Children 169

12. The Future 175

Index 179
