GREEN HOTCHKISS PEDERSON WOLFE

# CONTENTS

## VOLUME 1

### PART I Basic Principles

|                                                 |    |
|-------------------------------------------------|----|
| CHAPTER 1                                       |    |
| General Principles .....                        | 3  |
| <i>David P. Green</i>                           |    |
| CHAPTER 2                                       |    |
| Anesthesia .....                                | 25 |
| <i>Somayaji Ramamurthy and Douglas Anderson</i> |    |

### PART II Hand

|                                                                     |     |
|---------------------------------------------------------------------|-----|
| CHAPTER 3                                                           |     |
| Acute Infections in the Hand .....                                  | 55  |
| <i>Milan V. Stevanovic and Frances Sharpe</i>                       |     |
| CHAPTER 4                                                           |     |
| Chronic Infections .....                                            | 94  |
| <i>Mukund R. Patel, G. N. Malaviya, and Alan M. Sugar</i>           |     |
| CHAPTER 5                                                           |     |
| Dupuytren's Contracture .....                                       | 159 |
| <i>D. A. McGrouther</i>                                             |     |
| CHAPTER 6                                                           |     |
| Extensor Tendon Injuries .....                                      | 187 |
| <i>Mark E. Baratz, Christopher C. Schmidt, and Thomas B. Hughes</i> |     |
| CHAPTER 7                                                           |     |
| Flexor Tendon Injury .....                                          | 219 |
| Acute Injuries .....                                                | 219 |
| <i>Martin I. Boyer</i>                                              |     |
| Flexor Tendon Reconstruction .....                                  | 241 |
| <i>John S. Taras and Robert A. Kaufmann</i>                         |     |
| CHAPTER 8                                                           |     |
| Fractures of the Metacarpals and Phalanges .....                    | 277 |
| <i>Peter J. Stern</i>                                               |     |

#### CHAPTER 9

|                                                                      |     |
|----------------------------------------------------------------------|-----|
| Dislocations and Ligament Injuries in the Digits .....               | 343 |
| <i>Steven Z. Glickel, O. Alton Barron, and Louis W. Catalano III</i> |     |

#### CHAPTER 10

|                                              |     |
|----------------------------------------------|-----|
| The Perionychium .....                       | 389 |
| <i>Nicole Z. Sommer and Richard E. Brown</i> |     |

#### CHAPTER 11

|                                              |     |
|----------------------------------------------|-----|
| Stiff Finger Joints .....                    | 417 |
| <i>Alexander Y. Shin and Peter C. Amadio</i> |     |

#### CHAPTER 12

|                                                       |     |
|-------------------------------------------------------|-----|
| Thumb Basal Joint Arthritis .....                     | 461 |
| <i>Matthew M. Tomaino, John King, and Michel Leit</i> |     |

### PART III Wrist

|                                                                 |     |
|-----------------------------------------------------------------|-----|
| CHAPTER 13                                                      |     |
| Arthrodesis (Partial and Complete) .....                        | 489 |
| <i>Hill Hastings II</i>                                         |     |
| CHAPTER 14                                                      |     |
| Carpal Instability .....                                        | 535 |
| <i>Marc Garcia-Elias and William B. Geissler</i>                |     |
| CHAPTER 15                                                      |     |
| Distal Radioulnar Joint Instability .....                       | 605 |
| <i>Brian D. Adams</i>                                           |     |
| CHAPTER 16                                                      |     |
| Distal Radius Fractures .....                                   | 645 |
| <i>Diego L. Fernandez and Scott W. Wolfe</i>                    |     |
| CHAPTER 17                                                      |     |
| Fractures of the Carpal Bones .....                             | 711 |
| <i>Peter C. Amadio and Steven L. Moran</i>                      |     |
| CHAPTER 18                                                      |     |
| Wrist Arthroscopy: Anatomy and Diagnosis .....                  | 769 |
| <i>David S. Ruch and Gary G. Poehling</i>                       |     |
| CHAPTER 19                                                      |     |
| Wrist Arthroscopy: Operative Procedures .....                   | 781 |
| <i>Randall W. Culp, A. Lee Osterman, and Robert A. Kaufmann</i> |     |

## PART IV

### Elbow and Forearm

#### SECTION ONE

##### Trauma and Fractures

###### CHAPTER 20

- Fractures of the Distal Humerus ..... 809  
*David P. Barei and Douglas P. Hanel*

###### CHAPTER 21

- Fractures of the Head of the Radius ..... 845  
*Graham J. W. King*

###### CHAPTER 22

- Fractures of the Proximal Ulna ..... 889  
*David Ring and Jesse B. Jupiter*

###### CHAPTER 23

- Complex Traumatic Elbow Dislocation ..... 907  
*Dean Sotereanos and Robert N. Hotchkiss*

###### CHAPTER 24

- Recurrent Instability of the Elbow ..... 919  
*Shawn W. O'Driscoll*

#### SECTION TWO

##### Other Disorders

###### CHAPTER 25

- Treatment of the Stiff Elbow ..... 939  
*Robert N. Hotchkiss*

###### CHAPTER 26

- Arthroscopy and the Thrower's Elbow ..... 959  
*Struan H. Coleman and David W. Altchek*

###### CHAPTER 27

- Total Elbow Arthroplasty ..... 973  
*Mark S. Cohen and Leonid I. Katolik*

## PART V

### Nerve

###### CHAPTER 28

- Compression Neuropathies ..... 999  
*Susan E. Mackinnon and Christine B. Novak*

###### CHAPTER 29

- Thoracic Outlet Compression Syndrome ..... 1047  
*Karen Johnston Jones*

###### CHAPTER 30

- Nerve Repair ..... 1075  
*Rolfe Birch*

###### CHAPTER 31

- Radial Nerve Palsy ..... 1113  
*David P. Green*

###### CHAPTER 32

- Median Nerve Palsy ..... 1131  
*Timothy R. C. Davis*

## VOLUME 2

###### CHAPTER 33

- Ulnar Nerve Palsy ..... 1161  
*George A. Anderson*

###### CHAPTER 34

- Cerebral Palsy ..... 1197  
*Michelle Gerwin Carlson*

###### CHAPTER 35

- Upper Extremity Dysfunction After Stroke  
or Brain Injury ..... 1235  
*Mary Ann E. Keenan*

###### CHAPTER 36

- Tetraplegia ..... 1271  
*Ann Van Heest*

###### CHAPTER 37

- Pediatric Brachial Plexus Palsy ..... 1297  
*Peter M. Waters*

###### CHAPTER 38

- Traumatic Brachial Plexus Injury ..... 1319  
*Vincent R. Hentz and Kazuteru Doi*

## PART VI

### Congenital Disorders

###### CHAPTER 39

- Embryology ..... 1375  
*Scott H. Kozin*

###### CHAPTER 40

- Deformities of the Hand and Fingers ..... 1381  
*Simon P. Kay, David McCombe, and Scott H. Kozin*

###### CHAPTER 41

- Deformities of the Thumb ..... 1445  
*Scott H. Kozin*

###### CHAPTER 42

- Deformities of the Wrist and Forearm ..... 1469  
*Michelle A. James and Michael Bednar*

###### CHAPTER 43

- Congenital Contracture ..... 1507  
*Scott H. Kozin, Simon P. Kay, John R. Griffin,  
and Marybeth Ezaki*

## PART VII

### Bone and Soft Tissue Reconstruction

|                                                                        |      |
|------------------------------------------------------------------------|------|
| <b>CHAPTER 44</b>                                                      |      |
| Principles of Microvascular Surgery .....                              | 1529 |
| <i>William C. Pederson</i>                                             |      |
| <b>CHAPTER 45</b>                                                      |      |
| Replantation .....                                                     | 1569 |
| <i>Richard D. Goldner and James R. Urbaniak</i>                        |      |
| <b>CHAPTER 46</b>                                                      |      |
| The Mangled Upper Extremity .....                                      | 1587 |
| <i>Nicholas B. Vedder and Douglas P. Hanel</i>                         |      |
| <b>CHAPTER 47</b>                                                      |      |
| Skin Grafts and Skin Flaps .....                                       | 1629 |
| Skin Grafting .....                                                    | 1629 |
| <i>Earl Z. Browne, Jr., and William C. Pederson</i>                    |      |
| Skin Flaps .....                                                       | 1648 |
| <i>William C. Pederson and Graham D. Lister</i>                        |      |
| Coverage of the Elbow .....                                            | 1704 |
| <i>Milan V. Stevanovic, Frances E. Sharpe, and William C. Pederson</i> |      |
| <b>CHAPTER 48</b>                                                      |      |
| Free Skin and Composite Flaps .....                                    | 1715 |
| <i>Neil F. Jones and Graham D. Lister</i>                              |      |
| <b>CHAPTER 49</b>                                                      |      |
| Free Functioning Muscle Transfers .....                                | 1757 |
| <i>Ralph T. Manktelow and Dimitri J. Anastakis</i>                     |      |
| <b>CHAPTER 50</b>                                                      |      |
| Vascularized Bone Grafting .....                                       | 1777 |
| <i>Allen T. Bishop</i>                                                 |      |
| <b>CHAPTER 51</b>                                                      |      |
| Vascularized Joint Transfers .....                                     | 1813 |
| <i>Guy Foucher</i>                                                     |      |
| <b>CHAPTER 52</b>                                                      |      |
| Toe-to-Hand Transplantation .....                                      | 1835 |
| <i>Fu-Chan Wei</i>                                                     |      |
| <b>CHAPTER 53</b>                                                      |      |
| Thumb Reconstruction .....                                             | 1865 |
| <i>W. P. Andrew Lee and A. Neil Salyapongse</i>                        |      |
| <b>CHAPTER 54</b>                                                      |      |
| Distraction Lengthening in the Hand and Upper Extremity .....          | 1913 |
| <i>William H. Seitz, Jr.</i>                                           |      |

## PART VIII

### Other Disorders of the Upper Extremity

|                                                                                    |      |
|------------------------------------------------------------------------------------|------|
| <b>CHAPTER 55</b>                                                                  |      |
| Amputations .....                                                                  | 1939 |
| <i>Peter J. L. Jebson and Dean S. Louis</i>                                        |      |
| <b>CHAPTER 56</b>                                                                  |      |
| Compartment Syndrome .....                                                         | 1985 |
| <i>Ayan Gulgonen</i>                                                               |      |
| The Management of Snake (Pit Viper) Bites .....                                    | 2006 |
| <i>Spencer A. Rowland and William C. Pederson</i>                                  |      |
| <b>CHAPTER 57</b>                                                                  |      |
| Complex Regional Pain Syndrome .....                                               | 2015 |
| <i>L. Andrew Koman, Gary G. Poehling, Beth Paterson Smith, and Thomas L. Smith</i> |      |
| <b>CHAPTER 58</b>                                                                  |      |
| Factitious Disorders .....                                                         | 2045 |
| <i>Dean S. Louis and Morton L. Kasdan</i>                                          |      |
| <b>CHAPTER 59</b>                                                                  |      |
| Rheumatoid Arthritis and Other Connective Tissue Diseases .....                    | 2049 |
| <i>Paul Feldon, Andrew L. Terrono, Edward A. Nalebuff, and Lewis H. Millender</i>  |      |
| <b>CHAPTER 60</b>                                                                  |      |
| Tenosynovitis .....                                                                | 2137 |
| <i>Scott W. Wolfe</i>                                                              |      |
| <b>CHAPTER 61</b>                                                                  |      |
