
Microsurgery

for

Major Limb Reconstruction

James R. Urbaniak

Contents

PART I REPLANTATION

- 1 **Digital replantation, 2**
Susumu Tamai
Akihiro Fukui
Shigeru Mizumoto
- 2 **Digital replantation: a 12-year experience, 12**
James R. Urbaniak
- 3 **Major limb replantation, 22**
Zhong-Wei Chen
Han-Liang Yu
- 4 **Major limb replantation in the upper extremity, 27**
Joseph E. Kutz
Elliot L. Ames
- 5 **Long-term results of upper-limb replantation, 30**
Richard J. Smith
Ronald A. Malt
William H. Harris
John P. Remensnyder
- 6 **Revisions of amputations in the hand, 38**
Paul W. Brown
- 7 **Digital and hand prosthetic fitting, 46**
Jean Pillet
- 8 **Upper-extremity prosthetics with emphasis on the Utah Artificial Arm, 51**
Harold H. Sears
S.C. Jacobsen
- 9 **Can replantation be done by a single microsurgeon?, 54**
Jack W. Tupper

- 10 **Specific problems of skeletal management in upper-limb replantation, 56**
Viktor E. Meyer
- 11 **Lower-limb replantation, 67**
Zhong-Wei Chen
Han-Liang Yu

PART II ELECTIVE HAND RECONSTRUCTION

- 12 **Reconstruction of the amputated thumb by great toe-to-hand microvascular transfer, 76**
James W. May, Jr.
- 13 **Thumb reconstruction by great toe microvascular wraparound flap, 86**
James B. Steichen
- 14 **Innervated free flaps for sensibility and coverage, 112**
Berish Strauch
Leonard A. Sharzer
Daniel Brauman
- 15 **Nonmicrovascular methods of thumb reconstruction, 120**
James W. Strickland

PART III BONE

- 16 **Free vascularized fibular bone grafts, 134**
Andrew J. Weiland

- 17 Vascularized bone transplant in management of musculoskeletal tumor, 142**

Robert W.H. Pho

- 18 Free cortical bone grafts, 152**

William F. Enneking

- 19 Bone allografts and the management of large skeletal deficits, 156**

Gary E. Friedlaender

- 20 Utility of free muscle flap transfer in chronic osteomyelitis, 162**

Michael B. Wood

- 21 Management of osteomyelitis and infected nonunions by conventional methods, 170**

Andrew J. Weiland

PART IV AVASCULAR NECROSIS

- 22 Aseptic necrosis of the femoral head treated by vascularized fibular graft, 178**

James R. Urbaniak

- 23 Vascularized pedicle iliac crest graft as treatment for aseptic necrosis of femoral head, 185**

*Zhong-Wei Chen
Guang-jian Zhang
Hong-Bao Qiu*

- 24 Transtrochanteric rotational osteotomy in the treatment of idiopathic and steroid-induced femoral head necrosis, 189**

Yoichi Sugioka

- 25 Use of vascularized pedicle iliac crest graft in treatment of ischemic necrosis of femoral head, 200**

Ping-Chung Leung

- 26 Rational treatment of nontraumatic aseptic necrosis of the femoral head, 205**

William F. Enneking

- 27 Treatment of avascular necrosis of lunate and other bones by vascular bundle transplantation, 209**

*Susumu Tamai
Yoshihide Hori
Hiroshi Fujiwara*

- 28 Viable pedicle bone grafting in the wrist, 220**

Richard M. Braun

PART V MYOCUTANEOUS FLAPS: COVERAGE OF OPEN WOUNDS

- 29 Considerations in the use of muscle flaps in lesions of the lower extremity, 232**

Ralph Ger

PART VI FLAP SELECTION

- 30 Tensor fascia lata free flap, 240**

James A. Nunley

- 31 The scapular free flap, 246**

Richard D. Goldner

- 32 Dorsal foot free-tissue transfer, 250**

Ralph T. Manktelow

- 33 Technique and applications of the forearm flap in surgery of the hand: a report on 33 cases, 256**

*Guy Foucher
N. Citron
P.H. Hoang*

- 34 Medial and lateral arm flaps, 264**

Graham D. Lister

- 35 Conventional flaps, 269**

Graham D. Lister

**PART VII
MUSCLE, TENDON, AND JOINT
RECONSTRUCTION**

- 36 Functioning muscle transplantation,**
278
Ralph T. Manktelow
- 37 Vascularized whole-, hemi-, and
double-joint transfers in the hand,** 282
Tsu-Min Tsai
Douglas Bobb
- 38 Perichondrial grafting of finger joints,**
294
Sune H. Johansson
- 39 Alternatives to microvascular
reconstructive surgery to the hand,** 298
Richard J. Smith
- 40 Treatment of congenital tibial
pseudarthrosis using free vascularized
fibular grafts,** 303
Zhong-Wei Chen
Long-En Chen
- 41 Vascularized epiphyseal transfers:
experimental study and clinical
experience,** 308
Yasuo Yamauchi
Arihisa Fujimaki
Katsufumi Yoshizaki
Susumu Takahashi
Hitoshi Suda
- 42 Free vascularized epiphyseal transfer,**
318
Tsu-Min Tsai
Leo Ludwig
Michael Tonkin

- 43 Vascularized rib grafts for stabilization
of kyphosis,** 325
David S. Bradford
- 44 Congenital pseudarthrosis of the tibia,**
334
Raymond T. Morrissy

**PART VIII
NERVE INJURIES**

- 45 Treatment of brachial plexus injuries in
the adult,** 340
Algimantas O. Narakas
- 46 Brachial plexus reconstruction in
obstetric palsy: operative indications
and postoperative results,** 348
Alain Gilbert
Vincent R. Hentz
J.L. Tassin
- 47 Is the technique of fascicular repair
worthwhile?,** 365
Jack W. Tupper
- 48 The vascularized nerve graft,** 366
Rolfe Birch
- 49 Has microsurgical technique improved
the results of epineurial repair of
peripheral nerves?,** 372
George E. Omer, Jr.
William J. O'Brien
Heather M. Murray
Erik O. Torkelson
Michael G. Orgel
- 50 The status of conventional epineurial
repair in 1986,** 386
J. Leonard Goldner
