

Muscle Transplantation

*Edited by G. Freilinger, J. Holle,
and B. M. Carlson*

Springer-Verlag Wien New York

Contents

Muscle Transplantation and Regeneration

Carlson, B. M.: The Biology of Muscle Transplantation	3
Discussion	15
Mayr, R.: The Muscle Satellite Cell and Its Role in Muscle Transplantation (A Short Review)	19
Aloisi, M., Mussini, I.: Number of Satellite Cells and Muscle Regeneration	29
Discussion	37
Bertrand, C., Plaghki, L., Maréchal, G.: The Functional Recovery of Minced Muscles	39
Faulkner, J. A., Markley, J. M., jr., White, T. P.: Skeletal Muscle Transplantation in Cats With and Without Nerve Repair	47
Discussion	54
Summary	55

Muscle Transplantation in Experimental Surgery

Hakelius, L.: Experimental Basis for Free Muscle Transplantation	59
Discussion	61
Frey, M., Gruber, H., Holle, J., Kleinpeter, G., Freilinger, G.: Experimental Studies on Factors Influencing Muscle Transplantation	63
Discussion	81
Miller, T. A., Das, S. K.: An Early Report of Free Muscle Grafts in Rabbits	83
Discussion	89
Benatar, D., Terzis, J., Williams, B.: The Relevance of Preliminary Denervation in Muscle Transplantation	91
Discussion	98
Meissl, G.: Experimental Investigations Concerning Muscle Function	101
Discussion	105
Brunelli, G.: Tissue Tolerance and Muscular Degeneration and Regeneration After Ischemia	107
Discussion	116
Frey, M.: Stimulation of Striated Muscles for Biological Energy Supply	117
Thoma, H.: Methods of Muscular Electrostimulation	125
Discussion	131

Myoplastic Operations in Facial Palsy

Freilinger, G.: Dynamic Reanimation for Facial Paralysis—A Survey	135
Discussion	143

Harii, K.: Free Skeletal Muscle Transfer With Microneurovascular Anastomoses	145
Discussion	153
Botta-Kauer, Y., Montandon, D.: Our Experience With Free Muscle Nerve Graft in Facial Palsy	155
Discussion	161
Thompson, N., Wynn Parry, C. B.: Restoration of Emotional Expression to the Unilaterally Paralyzed Face	163
Discussion	183
Miyake, I.: Experience With Thompson's Free Muscle Grafts	185
Tolhurst, D. E.: The Treatment of Facial Palsy With Free Revascularised and Reinnervated Muscle Grafts	193
Discussion	204
Aichmair, H.: Muscular Neurotisation in Ophthalmology—A New Method to Treat Pareses of Extraocular Muscles	205
Nicolai, J.-P. A., Robinson, P. H.: Negative Experiences With Free Muscle Grafts to the Cheek in Patients With Facial Paralysis	209
Hakelius, L.: Treatment of Facial Paralysis With Free Autogenous Muscle Transplants	215
Mazzola, R. F.: Use of Muscle in Head and Neck Reconstruction	219
Discussion	231
Summary	233

Myoplastic Operations for Sphincter Reconstruction, Upper Extremity and Other Regions

Hakelius, L.: Treatment of Anal and Urinary Incontinence With Free Muscle Transplants	237
Discussion	240
Holle, J.: Myoplastic Operations for Anal Sphincter Reconstruction	243
Discussion	252
Schmidt, E., Bruch, H.-P., Rothhammer, A., Skrobek, W.: Free Smooth Muscle Transplantation	253
Discussion	256
Bruch, H.-P., Schmidt, E., Kern, E.: Sphincter Substitutes in Ostomies—Indications, Technique, Results	259
Grim, M., Dittertová, L., Vejsada, R., Hník, P., Smetana, K., jr., Haninec, P.: Experimental and Anatomical Basis for Reconstruction of Anal Sphincter Musculature Employing Gracilis Muscle Grafts With Intact Neurovascular Supply	265
Discussion	274
Schenck, R. R.: Transplantation of the Rectus femoris Muscle	275
Discussion	278
Millesi, H., Walzer, L.: Problems of Direct Neurotization	279
Discussion	282
Brunelli, G.: Direct Neurotization of Severely Damaged and Denervated Muscles	283
Brunelli, G., Li Bassi, G.: A Proposal for the Use of the Tensor fasciae latae Muscle as a Free Microneurovascular Graft	287
Discussion	290
Bruck, H. G.: Muscle Plastic in Subcutaneous Mastectomies by Use of the Latissimus dorsi Muscle	291
Lupo, G.: Pressure Sores and Myocutaneous Flaps	299
Subject Index	309
