

OPERATIVE NERVE REPAIR AND RECONSTRUCTION

RICHARD H. GELBERMAN

J. B. LIPPINCOTT COMPANY

CONTENTS

VOLUME ONE

Part I.

MORPHOLOGY AND PHYSIOLOGY OF PERIPHERAL NERVE 1

1. Structure and Function of Peripheral Nerve 3
Goran Lundborg
Lars B. Dahlin
2. Impulse Conduction 19
James A. Calbraith
Robert R. Myers
3. Biomechanical Properties of Peripheral Nerve 47
Michael K. Kwan
Savio L-Y. Woo
4. Biochemical Properties of Peripheral Nerve 55
Lawrence C. Hurst
Marie A. Badalamente
5. The Neuromuscular Junction 73
William E. Garrett, Jr.
6. Sensory Receptors 85
Julia K. Terzis
Bryan J. Michelow

Part II.

INJURY, DEGENERATION, AND REGENERATION 107

7. Injury, Degeneration, and Regeneration 109
Göran Lundborg
Nils Danielsen

Part III.

CLINICAL EVALUATION 133

8. Sensibility Testing 135
A. Lee Dellon

9. **Motor Testing** 159
William F. Blair
10. **Electrophysiological Testing** 171
Allen L. Van Beek
Philip Heyman
11. **Pitfalls in Interpretation of Electrophysiological Testing** 185
A. Lee Dellon
12. **Anomalous Innervation of the Upper Extremity** 197
Roy A. Meals
Edward R. Calkins

Part IV.

ALIGNMENT 213

13. **The Mechanical and Humoral Control of Specificity in Nerve Repair** 215
Thomas M. E. Brushart
14. **Internal Topography of Peripheral Nerves as Related to Repair** 231
Michael E. Jabaley
15. **Electrical Nerve Stimulation in the Awake Patient** 241
Michael E. Jabaley
16. **Histochemical and Biochemical Aids to Nerve Repair** 259
David H. Lang
Graham D. Lister
Anthony W. Jevans

Part V.

OPERATIVE TECHNIQUE 273

17. **Instrumentation for Nerve Repair** 275
Paul W. Gorman
Paul C. Dell
18. **Techniques of Epineural and Group Fascicular Repair** 287
E. F. Shaw Wilgis
19. **Fascicular Repair** 295
Jack W. Tupper
20. **Sutureless Methods of Nerve Repair** 305
Edward Diao
Clayton A. Peimer
21. **Modified Techniques of Nerve Repair: Epineurial Splint** 315
Michael E. Jabaley
22. **New Approaches in Nerve Suture** 327
Kenya Tsuge
Takaya Mizuseki
23. **Partial Nerve Injuries** 335
Lawrence C. Hurst
Andrew Dowd

Part VI.

APPLIED ANATOMY, OPERATIVE EXPOSURE, RESULTS OF REPAIR 347

24. Factors Affecting the Results of Peripheral Nerve Repair 349
David R. Steinberg
L. Andrew Koman
25. Median Nerve: Applied Anatomy and Operative Exposure 365
David B. Siegel
Richard H. Gelberman
26. Median Nerve Repairs: The Results of Treatment 379
William P. Cooney
27. Radial Nerve: Applied Anatomy and Operative Exposure 393
David B. Siegel
Richard H. Gelberman
28. Radial Nerve—Results 409
Curtis M. Steyers
29. Ulnar Nerve: Applied Anatomy and Operative Exposure 413
David B. Siegel
Richard H. Gelberman
30. Ulnar Nerve Repair 425
James W. Strickland
Richard S. Idler
Jeanne L. DelSignore
31. Axillary Nerve 437
James A. Nunley
Gerard Gabel
32. Spinal Accessory Nerve 445
Gerard Gabel
James A. Nunley
33. Digital Nerves 453
John S. Could
34. Facial Nerve Paralysis 461
Richard L. Fabian
35. Peripheral Nerve Injuries to the Lower Extremity 489
Michael B. Wood

Part VII.

NERVE GRAFTING 505

36. Overcoming Defects in Peripheral Nerves 507
Thomas Trumble
37. Indications and Techniques of Nerve Grafting 525
Hanno Millesi
38. Donor Nerves for Grafting 545
James A. Nunley

39. Results of Nerve Grafting 553
Gary K. Frykman
Kevin Gramyk
40. Vascularized Nerve Grafts 569
Warren C. Breidenbach
Brent Graham
41. Nerve Grafting Through Resorbable Tubes 587
Mark A. Urban
F. William Bora, Jr.

Part VIII.

NERVE LESIONS IN CONTINUITY 599

42. Nerve Lesions in Continuity 601
Leo T. Happel
David G. Kline

Part IX.

NERVE INJURY ASSOCIATED WITH FRACTURES AND OTHER TRAUMA 617

43. Peripheral Nerve Injuries Associated with Fractures and Dislocations 619
David B. Siegel
Richard H. Gelberman
44. Nerve Injury Associated With Fractures in Children 635
Joseph P. Dutkowsky
James R. Kasser
45. Nerve Injuries Associated With Gunshot Wounds of the Extremities 655
George E. Omer, Jr.
46. Thermal Injury of Peripheral Nerve 671
C. Andrew Salzberg
Roger E. Salisbury
47. Nerve Injury Associated with Devascularizing Trauma 679
Jesse B. Jupiter

Part X.

OPERATIVE RECONSTRUCTION FOR IRREPARABLE PERIPHERAL NERVE INJURIES (Excluding Brachial Plexus) 687

48. Principles of Tendon Transfers 689
Edward E. Almquist
49. Tendon Transfer for Radial Nerve Palsy 697
Lawrence H. Schneider
50. Median Nerve Palsy 711
William W. Eversmann
51. Ulnar Nerve Palsy 729
William E. Burkhalter

- | | | |
|-----|--|-----|
| 52. | Tendon Transfers for Combined Nerve Injuries | 747 |
| | <i>George E. Omer, Jr.</i> | |
| 53. | Lower Extremity Nerve Palsies | 763 |
| | <i>John M. Siliski</i> | |
| | <i>Frank Voss</i> | |
| 54. | Free Muscle Transfer for Functional Reconstruction | 775 |
| | <i>Ralph T. Manktelow</i> | |
| 55. | Direct Muscular Neurotization | 783 |
| | <i>Giorgio A. Brunelli</i> | |
| 56. | Free Flaps for Providing Sensibility to the Hand | 793 |
| | <i>Alain Gilbert</i> | |
| | <i>Francesco Brunelli</i> | |

Part XI.

REHABILITATION 811

- | | | |
|-----|---------------------------------------|-----|
| 57. | Rehabilitation Following Nerve Repair | 813 |
| | <i>Evelyn J. Mackin</i> | |
| | <i>Patricia M. Byron</i> | |
| 58. | Sensory Re-Education | 827 |
| | <i>Margaret Carter-Wilson</i> | |

VOLUME II

Part XII.

PERIPHERAL NERVE COMPRESSION 845

- | | | |
|-----|--------------------------------------|-----|
| 59. | Pathophysiology of Nerve Compression | 847 |
| | <i>Lars B. Dahlin</i> | |
| | <i>Björn Rydevik</i> | |

Part XIII.

MEDIAN NERVE COMPRESSION—DISTAL 867

- | | | |
|-----|---|-----|
| 60. | Carpal Tunnel Syndrome—General | 869 |
| | <i>Robert M. Szabo</i> | |
| 61. | Anatomy of the Median Nerve in the Carpal Tunnel | 889 |
| | <i>Hans-Martin Schmidt</i> | |
| | <i>Ulrich Lanz</i> | |
| 62. | Carpal Tunnel Release | 899 |
| | A. Open Release of Transverse Carpal Ligament | 899 |
| | <i>Richard H. Gelberman</i> | |
| | B. Endoscopic Carpal Tunnel Release | 913 |
| | <i>Edward R. North</i> | |
| 63. | Treatment of Severe Compression of the Median Nerve | 921 |
| | <i>Wallace E. Lowry, Jr.</i> | |

64. Tendon Transfers for Severe Carpal Tunnel Syndrome **927**
Richard M. Braun
65. Acute Carpal Tunnel Syndrome **939**
Richard H. Gelberman
66. Cumulative Trauma, Carpal Tunnel Syndrome in the Workplace—Epidemiological and Legal Aspects **949**
Nortin M. Hadler
67. Evaluation and Treatment of Median Neuropathy Associated With Cumulative Trauma **957**
Dean S. Louis
68. Carpal Tunnel Release in Patients With Peripheral Neuropathy **963**
James H. Dobyns
69. Complications of Treatment of Carpal Tunnel Syndrome **967**
James R. Urbaniak

Part XIV.

MEDIAN NERVE COMPRESSION—PROXIMAL 981

70. Anterior Interosseous Nerve Compression Syndrome **983**
Peter J. Stern
Paul R. Fassler
71. Pronator Syndrome **995**
Peter J. Stern
Paul R. Fassler

Part XV.

RADIAL NERVE COMPRESSION 1003

72. Posterior Interosseous Nerve Compression Syndrome **1005**
James B. Steichen
Alan W. Christensen
73. Radial Tunnel Syndrome **1023**
Graham D. Lister
74. Radial Sensory Nerve Entrapment **1039**
A. Lee Dellon

Part XVI.

ULNAR NERVE COMPRESSION 1053

75. Clinical Assessment and Conservative Treatment of Cubital Tunnel Syndrome **1055**
Donald C. Ferlic
76. In Situ Decompression of the Ulnar Nerve at the Elbow **1063**
Donald C. Ferlic

77. Anterior Intramuscular Transposition **1069**
William B. Kleinman
78. Anterior Subcutaneous Transposition **1077**
Richard C. Eaton
79. Medial Epicondylectomy **1087**
Steven J. Heithoff
Lewis H. Millender
80. Submuscular Transposition/Ulnar Nerve Decompression in Athletes **1097**
Norman P. Zemel
Frank W. Jobe
Lewis A. Yocum
81. Treatment and Complications of Failed Decompression of the Ulnar Nerve at the Elbow **1107**
Peter C. Amadio
Gerard T. Gabel
82. Perspectives on the Operative Treatment of Cubital Tunnel Syndrome **1121**
James R. Urbaniak
Gerard T. Gabel
83. Ulnar Tunnel Syndrome **1131**
Richard H. Gelberman

Part XVII.

OTHER COMPRESSION AND TRACTION NEUROPATHIES **1145**

84. Compression and Traction Neuropathies About the Shoulder and Arm **1147**
Alginantas O. Narakas
85. Thoracic Outlet Syndrome **1177**
Robert D. Leffert
86. Compressive Neuropathies of the Lower Extremity **1197**
Michael B. Wood
87. Double Crush and Multiple Compression Neuropathy **1211**
A. Lee Osterman
88. Nerve Injury Associated With Patient Positioning in the Operating Room **1231**
Daniel E. Cooper

Part XVIII.

BRACHIAL PLEXUS INJURY IN ADULTS **1243**

89. Nerve Injury and Total Hip Arthroplasty **1245**
Thomas P. Schmalzried
Harlan C. Amstutz
90. Brachial Plexus—Applied Anatomy and Operative Exposure **1255**
Bruce Wolock
Hanno Millesi

91. **Assessment and Monitoring of Brachial Plexus Injury in the Adult** **1273**
Neal B. Zimmerman
Andrew J. Weiland
92. **Brachial Plexus Injury in Adults: Operative Repair** **1285**
Hanno Millesi
93. **Operative Treatment for Irreparable Lesions of the Brachial Plexus** **1303**
Robin R. Richards
94. **Neurotization in the Treatment of Brachial Plexus Injuries** **1329**
Algimantas O. Narakas

Part XIX.

BRACHIAL PLEXUS INJURY IN CHILDREN **1359**

95. **Assessment and Natural History of Brachial Plexus Injury in Children** **1361**
H. Mark Hoffer
96. **Operative Repair of the Brachial Plexus in Infants and Children** **1369**
Vincent R. Hentz

Part XX.

SPINAL CORD INJURY **1385**

97. **Spinal Cord Injury/Tetraplegia** **1387**
Harris Gellman
Robert L. Waters

Part XXI.

BRAIN INJURY AND STROKE **1413**

98. **Brain Injury and Stroke** **1415**
Michael J. Botte
Mary Ann E. Keenan

Part XXII.

CEREBRAL PALSY **1453**

99. **Cerebral Palsy** **1455**
Richard H. Gelberman

Part XXIII.

PAIN **1477**

100. **Pain Pathways and Responses to Pain** **1479**
Gudarz Davar
Raymond Maciewicz

101. Pain Dysfunction Syndrome 1489
James H. Dobyns
102. Reflex Sympathetic Dystrophy 1497
L. Andrew Koman
Gary G. Poehling
103. Neuromas 1525
James H. Herndon
Alfred V. Hess
104. Treatment of the Painful Injured Nerve
In-Continuity 1541
John S. Gould
105. Chronic Pain Treatment With Direct Electrical Nerve
Stimulation 1551
William P. Cooney III
106. Therapeutic Blocks and Continuous Infusion in the Treatment
of Chronic Pain 1563
Daniel B. Carr
Donald P. Todd

Part XXIV.

PERIPHERAL NERVE TUMORS 1571

107. Principles of Soft-Tissue Tumor Management 1573
Henry J. Mankin
108. Benign and Malignant Tumors of Peripheral
Nerve 1587
Andrew E. Rosenberg
Harold M. Dick
Michael J. Botte

OPERATIVE NERVE REPAIR AND RECONSTRUCTION

RICHARD H. GELBERMAN
