## PART I—DIAGNOSTIC TECHNIQUES AND INNERVATION PATTERNS

### *Chapter 1*

|                            |   |
|----------------------------|---|
| SENSIBILITY TESTING .....  | 3 |
| <i>George E. Omer, Jr.</i> |   |

### *Chapter 2*

|                              |    |
|------------------------------|----|
| MOTOR FUNCTION TESTING ..... | 16 |
| <i>Lenmart Mannerfelt</i>    |    |

### *Chapter 3*

|                                                    |    |
|----------------------------------------------------|----|
| ELECTRODIAGNOSIS IN PERIPHERAL NERVE LESIONS ..... | 30 |
| <i>Edward F. Delagi</i>                            |    |

### *Chapter 4*

|                               |    |
|-------------------------------|----|
| DIAGNOSTIC NERVE BLOCKS ..... | 44 |
| <i>Adel R. Abadir</i>         |    |

### *Chapter 5*

|                                 |    |
|---------------------------------|----|
| SPECIAL DIAGNOSTIC STUDIES..... | 67 |
| <i>E. F. Shaw Wilgis</i>        |    |

### *Chapter 6*

|                                                                           |    |
|---------------------------------------------------------------------------|----|
| NORMAL AND ANOMALOUS INNERVATION PATTERNS IN THE<br>UPPER EXTREMITY ..... | 75 |
| <i>Emanuel B. Kaplan and Morton Spinner</i>                               |    |

### *Chapter 7*

|                                                                          |     |
|--------------------------------------------------------------------------|-----|
| NORMAL AND ANOMALOUS INNERVATION PATTERNS IN THE<br>LOWER EXTREMITY..... | 100 |
| <i>Lawrence Pruthi</i>                                                   |     |

## PART II—PAIN

### *Chapter 8*

|                                                                         |     |
|-------------------------------------------------------------------------|-----|
| PAIN: EXTREMITIES AND SPINE—EVALUATION AND DIFFERENTIAL DIAGNOSIS ..... | 119 |
| <i>J. Leonard Goldner</i>                                               |     |

### Chapter 9

|                                                                    |     |
|--------------------------------------------------------------------|-----|
| THE EFFECT OF EXTREMITY BLOOD FLOW ON PAIN AND COLD TOLERANCE..... | 176 |
| <i>J. Leonard Goldner and Donald S. Bright</i>                     |     |

### Chapter 10

|                         |     |
|-------------------------|-----|
| PAINFUL NEUROMAS.....   | 195 |
| <i>Richard G. Eaton</i> |     |

### Chapter 11

|                                                               |     |
|---------------------------------------------------------------|-----|
| MORTON'S NEURITIS AND MANAGEMENT OF POST-NEURECTOMY PAIN..... | 203 |
| <i>Joseph E. Milgram</i>                                      |     |

### Chapter 12

|                                   |     |
|-----------------------------------|-----|
| REFLEX SYMPATHETIC DYSTROPHY..... | 216 |
| <i>L. Lee Lankford</i>            |     |

### Chapter 13

|                          |     |
|--------------------------|-----|
| ACUPUNCTURE.....         | 245 |
| <i>Robert J. Schultz</i> |     |

### Chapter 14

|                                                                                                     |     |
|-----------------------------------------------------------------------------------------------------|-----|
| ELECTRICAL STIMULATION OF PERIPHERAL NERVES WITH<br>MICRO-ELECTRICAL IMPLANTS FOR PAIN RELIEF ..... | 254 |
| <i>Blaine S. Nashold, Jr., J. Leonard Goldner, and Donald S. Bright</i>                             |     |

### Chapter 15

|                                                                                  |     |
|----------------------------------------------------------------------------------|-----|
| CONTINUOUS PERIPHERAL EPINEURAL INFUSION FOR THE<br>TREATMENT OF ACUTE PAIN..... | 273 |
| <i>George E. Omer, Jr.</i>                                                       |     |

### Chapter 16

|                                                               |     |
|---------------------------------------------------------------|-----|
| THERAPEUTIC NERVE BLOCKS FOR THE RELIEF OF CHRONIC PAIN ..... | 278 |
| <i>Adel R. Abadir</i>                                         |     |

### Chapter 17

|                                                                |     |
|----------------------------------------------------------------|-----|
| SURGICAL SYMPATHECTOMY—UPPER AND LOWER EXTREMITY .....         | 285 |
| <i>Harold E. Kleinert, Hans Norberg, and John J. McDonough</i> |     |

### Chapter 18

|                                                                      |     |
|----------------------------------------------------------------------|-----|
| CENTRAL SURGICAL PROCEDURES FOR PAIN OF PERIPHERAL NERVE ORIGIN..... | 303 |
| <i>Philip L. Gildenberg</i>                                          |     |

## PART III—ANATOMICAL EXPOSURES

### Chapter 19

|                                             |     |
|---------------------------------------------|-----|
| SURGICAL EXPOSURE OF PERIPHERAL NERVES..... | 317 |
| <i>Allan E. Inglis</i>                      |     |

## PART IV—SUTURE TECHNIQUES

### Chapter 20

|                                   |     |
|-----------------------------------|-----|
| THE HISTORY OF NERVE REPAIR ..... | 353 |
| <i>Clifford C. Snyder</i>         |     |

### Chapter 21

|                               |     |
|-------------------------------|-----|
| EPINEURIAL NERVE REPAIR ..... | 366 |
| <i>Richard M. Braun</i>       |     |

### Chapter 22

|                               |     |
|-------------------------------|-----|
| FASCICULAR NERVE REPAIR ..... | 380 |
| <i>Jack W. Tupper</i>         |     |

### Chapter 23

|                                |     |
|--------------------------------|-----|
| MANAGEMENT OF NERVE GAPS ..... | 388 |
| <i>Robert J. Schultz</i>       |     |

### Chapter 24

|                                                            |     |
|------------------------------------------------------------|-----|
| NERVE GRAFTS: INDICATIONS, TECHNIQUES, AND PROGNOSIS ..... | 410 |
| <i>Hanno Millesi</i>                                       |     |

### Chapter 25

|                                                                               |     |
|-------------------------------------------------------------------------------|-----|
| THE EVALUATION OF CLINICAL RESULTS FOLLOWING PERIPHERAL<br>NERVE SUTURE ..... | 431 |
| <i>George E. Omer, Jr.</i>                                                    |     |

### Chapter 26

|                                   |     |
|-----------------------------------|-----|
| SPECIAL SURGICAL TECHNIQUES ..... | 443 |
| <i>Kenya Tsuge</i>                |     |

### Chapter 27

|                                              |     |
|----------------------------------------------|-----|
| EVALUATION OF THE NEUROMA IN CONTINUITY..... | 450 |
| <i>David G. Kline</i>                        |     |

### Chapter 28

|                                                                                                                 |     |
|-----------------------------------------------------------------------------------------------------------------|-----|
| INTRAOPERATIVE ASSESSMENT OF NERVE LESIONS WITH FASCICULAR<br>DISSECTION AND ELECTROPHYSIOLOGIC RECORDINGS..... | 462 |
| <i>Julia K. Terzis, Rollin K. Daniel, and H. Bruce Williams</i>                                                 |     |

## PART V—TRAUMA: MISSILES, LACERATIONS, COMPRESSION, INJECTIONS, TRACTION, AND FRICTION

### Chapter 29

|                                                 |     |
|-------------------------------------------------|-----|
| PATHOPHYSIOLOGY OF PERIPHERAL NERVE TRAUMA..... | 475 |
| <i>Thomas B. Ducker</i>                         |     |

### Chapter 30

|                                                              |     |
|--------------------------------------------------------------|-----|
| NERVE FIBER PATHOLOGY IN ACUTE AND CHRONIC COMPRESSION ..... | 487 |
| <i>José Ochoa</i>                                            |     |

*Chapter 31*

|                                                   |     |
|---------------------------------------------------|-----|
| THE RESULTS OF UNTREATED TRAUMATIC INJURIES ..... | 502 |
| <i>George E. Omer, Jr.</i>                        |     |

*Chapter 32*

|                                   |     |
|-----------------------------------|-----|
| NERVES OF THE HEAD AND NECK ..... | 507 |
| <i>Madjid Samii</i>               |     |

*Chapter 33*

|                                            |     |
|--------------------------------------------|-----|
| TRAUMA INVOLVING THE BRACHIAL PLEXUS ..... | 548 |
| <i>Hanno Millesi</i>                       |     |

*Chapter 34*

|                                                                     |     |
|---------------------------------------------------------------------|-----|
| MANAGEMENT OF NERVE COMPRESSION LESIONS OF THE UPPER EXTREMITY..... | 569 |
| <i>Morton Spinner</i>                                               |     |

*Chapter 35*

|                               |     |
|-------------------------------|-----|
| THORACIC OUTLET SYNDROME..... | 593 |
| <i>Robert D. Leffert</i>      |     |

*Chapter 36*

|                                   |     |
|-----------------------------------|-----|
| QUADRILATERAL SPACE SYNDROME..... | 602 |
| <i>Bernard R. Cahill</i>          |     |

*Chapter 37*

|                                                                                                                                |     |
|--------------------------------------------------------------------------------------------------------------------------------|-----|
| OPERATIVE EXPERIENCE WITH MAJOR LOWER EXTREMITY NERVE LESIONS,<br>INCLUDING THE LUMBOSACRAL PLEXUS AND THE SCIATIC NERVE ..... | 607 |
| <i>David G. Kline</i>                                                                                                          |     |

*Chapter 38*

|                               |     |
|-------------------------------|-----|
| LOWER EXTREMITY LESIONS ..... | 626 |
| <i>Harvey P. Kopell</i>       |     |

*Chapter 39*

|                                                   |     |
|---------------------------------------------------|-----|
| PERIPHERAL NERVE INJECTION INJURY.....            | 639 |
| <i>Alan Hudson, David Kline, and Fred Gentili</i> |     |

## **PART VI—SPECIAL PROBLEMS**

*Chapter 40*

|                                                        |     |
|--------------------------------------------------------|-----|
| DIFFERENTIAL DIAGNOSIS OF PERIPHERAL NERVE TUMORS..... | 657 |
| <i>James C. Harkin</i>                                 |     |

*Chapter 41*

|                                                                     |     |
|---------------------------------------------------------------------|-----|
| CURRENT CONCEPTS IN THE MANAGEMENT OF PERIPHERAL NERVE TUMORS ..... | 669 |
| <i>Irving M. Ariel</i>                                              |     |

*Chapter 42*

|                                                                      |     |
|----------------------------------------------------------------------|-----|
| SURGICAL TREATMENT OF PERIPHERAL NERVE TUMORS OF THE UPPER LIMB..... | 694 |
| <i>Richard J. Smith and Robert W. Lipke</i>                          |     |

*Chapter 43*

|                                                        |     |
|--------------------------------------------------------|-----|
| DIFFERENTIAL DIAGNOSIS OF PERIPHERAL NEUROPATHIES..... | 712 |
|--------------------------------------------------------|-----|

*Peter Tsairis*

*Chapter 44*

|                                                                                           |     |
|-------------------------------------------------------------------------------------------|-----|
| NEUROLOGICAL INVOLVEMENT OF THE EXTREMITIES ASSOCIATED WITH<br>RHEUMATOID ARTHRITIS ..... | 727 |
|-------------------------------------------------------------------------------------------|-----|

*Lewis H. Millender and Mark Hallett*

*Chapter 45*

|                                         |     |
|-----------------------------------------|-----|
| THE MANAGEMENT OF LEPROUS NEURITIS..... | 742 |
|-----------------------------------------|-----|

*Carl D. Enna*

*Chapter 46*

|                                           |     |
|-------------------------------------------|-----|
| BURN INDUCED PERIPHERAL NERVE INJURY..... | 755 |
|-------------------------------------------|-----|

*Roger E. Salisbury and A. Griswold Bevin*

## **PART VII—REHABILITATION**

*Chapter 47*

|                                                          |     |
|----------------------------------------------------------|-----|
| SENSORY RE-EDUCATION AFTER PERIPHERAL NERVE INJURY ..... | 769 |
|----------------------------------------------------------|-----|

*Raymond M. Curtis and A. Lee Dellon*

*Chapter 48*

|                                                    |     |
|----------------------------------------------------|-----|
| NEUROVASCULAR CUTANEOUS ISLAND PEDICLE FLAPS ..... | 779 |
|----------------------------------------------------|-----|

*George E. Omer, Jr.*

*Chapter 49*

|                                                                                                   |     |
|---------------------------------------------------------------------------------------------------|-----|
| SENSORY REHABILITATION OF THE HAND UTILIZING FREE<br>MICRONEUROVASCULAR FLAPS FROM THE FOOT ..... | 791 |
|---------------------------------------------------------------------------------------------------|-----|

*Harry J. Buncke and Berish Strauch*

*Chapter 50*

|                                            |     |
|--------------------------------------------|-----|
| TENDON TRANSFERS AS INTERNAL SPLINTS ..... | 798 |
|--------------------------------------------|-----|

*William E. Burkhalter*

*Chapter 51*

|                                                                                   |     |
|-----------------------------------------------------------------------------------|-----|
| RECONSTRUCTION OF THE SHOULDER AND ELBOW FOLLOWING<br>BRACHIAL PLEXUS INJURY..... | 805 |
|-----------------------------------------------------------------------------------|-----|

*Robert D. Leffert*

*Chapter 52*

|                                                                                                         |     |
|---------------------------------------------------------------------------------------------------------|-----|
| TENDON TRANSFERS FOR RECONSTRUCTION OF THE FOREARM AND<br>HAND FOLLOWING PERIPHERAL NERVE INJURIES..... | 817 |
|---------------------------------------------------------------------------------------------------------|-----|

*George E. Omer, Jr.*

*Chapter 53*

|                                                |     |
|------------------------------------------------|-----|
| MICROSURGICAL MUSCLE FREE TRANSPLANTATION..... | 847 |
|------------------------------------------------|-----|

*Yoshikazu Ikuta*

|                                                                            |     |
|----------------------------------------------------------------------------|-----|
| <i>Chapter 54</i>                                                          |     |
| MANAGEMENT OF SENSORY LOSS IN THE EXTREMITIES .....                        | 862 |
| <i>Paul W. Brand</i>                                                       |     |
| <i>Chapter 55</i>                                                          |     |
| TENDON TRANSFERS AS RECONSTRUCTIVE PROCEDURES IN<br>THE LEG AND FOOT ..... | 873 |
| <i>George E. Omer, Jr.</i>                                                 |     |

## **PART VIII—EXPERIMENTAL APPROACHES AND LABORATORY METHODS**

|                                                                                                                     |     |
|---------------------------------------------------------------------------------------------------------------------|-----|
| <i>Chapter 56</i>                                                                                                   |     |
