SURGERY OF THE HAND

BY

STERLING BUNNELL, M.D.

Honorary Member, American Academy of Orthopaedic Surgeons, American Orthopaedic Association, Western Orthopaedic Association, California Society of Plastic Surgeons, and Sociedad Latino-Americana de Ortopedia y Traumatologia; Corresponding Member, British Orthopaedic Association; Foreign Corresponding Member, Societas Orthopaedica Scandinavica; Member, American Surgical Association, American Association of Plastic Surgeons, American Society of Plastic and Reconstructive Surgery, American Association for the Surgery of Trauma, and American Society for Surgery of the Hand; Emeritus Member, Hand Club of Great Britain; Fellow, American Occupational Therapy Association (1951-1953); Consultant to the Surgeon General of U.S. Army, to the U.S. Navy, and to the Alaska Department of Health; U.S. Medal for Merit; Ordre National de la Légion d'Honneur; Ordem Nacional do Cruzeiro do Sul; Licentiate, American Boards of General, Plastic and Orthopaedic Surgery

THIRD EDITION

1047 Illustrations and
9 Color Plates

Philadelphia

Montreal

J. B. LIPPINCOTT COMPANY

CONTENTS

PART ONE

THE HAND

1. PHYLOGENY AND COMPARATIVE ANATOMY	3
Origin of Limbs	3
Phylogenetics of Intrinsic Muscles of Hand	3
Pectoral Girdle	8
Arm	12
Forearm	13
Hand	15
Phylogeny and Differentiation of Muscles from Amphibia to Mammals	20
Strange Specialization or Adaptation of Manus	21
Primate Hand	25
2. THE NORMAL HAND	31
Skin and Creases	31
Movements of Upper Extremity	33
Lower Radio-Ulnar Joint	33
Movements of Wrist Joint	34
Movements of Hand	37
Mechanics of Muscle and Tendon Action	42
Amplitude of Excursion of Tendons	46
Surgical Anatomy	48
Ossification Centers	54
Skeletal Maturation	55

PART TWO

RECONSTRUCTION OF THE HAND

3. EXAMINATION OF THE HAND	61
Reports	61
History Taking	62
Examination	62
Diagnosis	69
Malingering	73
Writing Reports	74
Examples of Reports	76

4. RECONSTRUCTION OF THE HAND	82
General Considerations	82
Main Principles	85
Operative Technic	94
Splinting with Plaster of Paris	110
Splints	113
5. SKIN AND FLEXION CONTRACTURES	150
Replacement of Scar by Good Tissue	150
Incisions	153
Keloids	155
Flexion Contractures	157
Pedicule Skin Grafts	174
Free Skin Grafts	207
Dupuytren's Contracture	229
Volkman's Ischemic Contracture	242
6. BONES	273
Correction of Deformities	273
Reconstruction After Gunshot Wounds of Metacarpals	287
Traumatic Degeneration of Carpal Bones	305
7. JOINTS	312
Why Finger Joints Stiffen	312
Preventing Joints from Stiffening	313
Mobilizing Stiffened Joints	314
Surgical Repair of Joints	321
Surgery of the Rheumatic Hand	348
Occupational Therapy for Crippled Hands	353
"Hand Ward" Established for Reconditioning of Patients	359
8. NERVES	362
Nerve Damage in Whole Arm Affects Hand	362
Nerves in Hand Itself	362
Peripheral Nerves in General	367
Individual Nerves of Arm	384
Treatment of Injured Nerves	401
Nerve Grafts	412
9. TENDONS	434
Morphology	434
Pathology of Tendons After Injury and Infection	435
Adherent Tendons	437
Healing of Tendons	437
Procedures in Tendon Repair	439
Problem of Gliding	439
Method of Making an Artificial Tendon Sheath	445
Free Tendon Grafts	448
Tendon Transfers	457

	Contents	xiii
Technic of Repairing Tendons		474
Gig Pull-Out Suture for Tendons		502
Special Tendons		512
Postoperative Treatment After Repair of Tendons		523
Evaluation of Results After Tendon Repair		526
10. INTRINSIC MUSCLES OF THE HAND: LOSS OF THE THUMB:		
METHODS OF REPAIRING		534
Intrinsic Muscles of Fingers		534
Intrinsic Muscles of Thumb		565
Hands in Leprosy		586
Loss of Thumb; Methods of Repairing		588
11. THE ARM IN ITS RELATION TO THE HAND		635
Hand Dependent on Arm		635
Pressure on Nerves in Neck		635
Pectoral Girdle		637
Injuries to Brachial Plexus		642
Shoulder Region		654
Elbow Region		666
Forearm		675
Lymphedema of Upper Extremity		683

PART THREE

INJURIES AND INFECTIONS OF THE HAND

12. INJURIES OF THE HAND		691
Open Wounds		691
Special Types of Wounds		721
Amputations		735
Burns		751
Rupture of Tendons		765
Luxation of Tendons		771
Traumatic Tenosynovitis		772
Trigger Finger		777
Calcification in Tendons		778
13. INJURIES OF THE HAND: FRACTURES AND DISLOCATIONS		785
Special Aspects in Hand		785
Injuries of Wrist		788
Fractures of Metacarpals and Phalanges		805
Dislocations		816
14. INFECTIONS OF THE HAND		828
Pyogenic Infections		828
Special Infections of Hand		863

15. THE HAND IN INDUSTRY	892
Incidence of Injuries to Hands	892
Prophylaxis	894
Care of Injured	896
Permanent Disability	898
Workmen's Compensation	904
Rehabilitation	905

PART FOUR

OTHER CONDITIONS OF THE HAND

16. CONGENITAL DEFORMITIES	909
Occurrence and Classification	909
Etiology	909
Patterns of Deformities	919
Nomenclature and Definitions	920
Congenital Elevation of Scapula	921
Defect of Radius	922
Defect of Ulna	927
Madelung's Deformity	928
Clinarthrosis or Deviation in Alignment of Joints	931
Congenital Dislocations	932
Synostoses	932
Cleft, Lobster Claw, and Mirror Hands	935
Polydactylism	939
Syndactylism	942
Ectromelus and Ectrodactyly	950
Brachydactylia	951
Hyperphalangism	953
Symphalangism	953
Arachnodactylia	953
Annular Grooves and Congenital Amputations	953
Dyschondroplasia	954
Megalodactylia	954
Angiomata	955
Knuckle Pads	955
Treatment in General of Congenital Deformities	956
17. VASOMOTOR AND TROPHIC CONDITIONS	963
Introduction	963
Traumatic Vasospasm and Nerve Dysfunction	965
Causalgia	970
Sudeck's Post-traumatic Osteoporosis and Allied Post-traumatic Reflex Dystrophies	972

Paralysis with Contractures	973
Raynaud's Phenomenon	973
Painful Amputation Stumps	974
Treatment of Post-traumatic Dystrophies and Vasospasm in General	975
18. TUMORS OF THE HAND, by L. D. Howard, Jr., M.D.	985
Introduction	985
Epidermoid Cysts	985
Sebaceous Cysts	987
Mucous Cysts	988
Ganglia	991
Fibromas	995
Lipomas	996
Xanthomas or Xanthomatic Tumors	997
Tendon-Sheath Tumors	1001
Peripheral-Nerve Tumors	1004
Tumors of Blood and Lymph Vessels	1008
Glomus Tumors	1014
Subungual Melanoma	1018
Carcinoma of Nail	1019
Carcinoma of Hand	1021
Bone Tumors	1024
Sarcoma	1035
Kaposi's Sarcoma	1037
Boeck's Sarcoid	1039
Muscle Tumors	1039
Tumor-Forming Entities	1041
INDEX	1049
